Subject: Travelogue of Indonesian Islands

Acme – Between the Indian and Pacific Oceans and directly over the Equator is the nation of Indonesia. The country is home to a staggering 18,000 different islands. These islands contain incredible beaches, stunning volcanoes, exotic cultures and some of the best diving destinations in the world.

Join award-winning photographer Chris Doyal on Monday, May 13, 6 p.m., at Samaritas, 4354 Mt. Hope Road, as he takes you on a photographic tour of Bali and North Sulawesi's aquatic life, reefs and other interesting critters.

Bali, famed Island of the Gods and by far the most popular and globally known Indonesia island, has not only a vast number of cultural, historical and archaeological attractions, but also world class diving. North Sulawesi's aquatic life can be found in abundance by scuba diving in the renowned Bunaken National Park, Lembeh Strait and Gangga Island.

An optional dinner will be served at 5 p.m. for \$5. The travelogue presentation is free, but the dinner must be registered and paid in advance at the Traverse City Senior Center by Thursday, May 9.

For more information or to register, email dmikowski@grandtraverse.org or call the registration number at 231-922-2080
